Welcome to the Peak Health Spa at The Capra

Peak Health is a wellness company offering holistic health programs designed in collaboration with a global team of medical and wellness experts. Our aim is to help clients improve overall well-being while developing habits for continuous healthy living. The underlying philosophy centres on four key quadrants considered pillars for sustaining health: Nutrition, Fitness, Mental Resilience and Sleep.

Peak Health tailors' bespoke treatments and programmes around these four areas to help foster positive lifestyle changes.

Each of our offerings, treatments and products is based on the latest scientific advances, focusing on intelligent recovery, regeneration and holistic wellness. These are constantly tested and evaluated on strict criteria to provide maximum value to our clients.

Peak Health has two signature offerings:

Peak Health Spa

The Peak Health Spa has uniquely curated treatments including customised facials, therapeutic massages, body packages, muscle recovery, detox treatments and private classes. Our product offerings are based on natural, organic ingredients and clean science. Our curated list includes *Nescens Cosmeceuticals* – Swiss Anti-aging Science, *Jacqueline Piotaz Switzerland* – Swiss Plant Stem Cell Collection and *Alpienne* – Austrian Organic Plants from the Alps.

Peak Health Retreats

The Peak Health Retreats provide an immersive, personalised, educational experience to promote optimal health and create habits for a holistic approach to resetting one's health. The bespoke program of events includes hikes in the Alps, spa treatments, yoga, meditation as well as workshops and talks by health experts. Our food menu is designed by top nutritionists and based on locally sourced products. We teach strategies aimed at rewiring your mindset and habits to promote better sleep, stronger mental focus and increased energy.

Our Personalised Philosophy

Peak Health believes in a holistic approach to well-being tailored to the individual.

With this in mind, we created a bespoke offering of spa treatments, private classes and products built to address every guest's specific health goals. A list of all massages and private classes can be found at the back of this brochure.

We pride ourselves on the use of eco-friendly products and we provide complimentary organic fruits and nuts in the Spa.

Every day the Spa also offers complimentary classes for the hotel guests. Please ask for the schedule upon your arrival.

Relaxation & Sleep

A healthy night of rest allows our body to work most optimally with high energy. It is important for brain function, metabolic health, and the strength of our immune system, to name a few. These treatments can help relax our mind in preparation for a restful and peaceful sleep.

Recommended options:

Massages: Head Massage, Breuss, Relaxing.

Private Classes: Yoga Nidra, Breathing, Chi Gon, Meditation.

Products: Alpienne St John's Worth.

Resilience

Resilience is the ability to recuperate from negative events, which can otherwise be consuming and energy draining. Being resilient includes developing the proper resources and support to overcome setbacks when they may arise. Treatments are restorative and revitalizing.

Recommended options:

Massages: Reflexology, Stomach, Herbal Stamps, Hot & Gem Stones.

Private Classes: Mindful Talks, Energetic Care, Tantsu, Meditation.

Products: Alpienne St John's Worth.

Physical Pain & Sport

Pain as aches, cramps, tiredness and soreness are all indicators that our body is recovering from a strenuous effort. These massages and techniques help enhance and further encourage muscle repair.

Recommended options:

Massages: Thai, Deep Tissue, Hot & Cold Stones, Trigger Points.

Private Classes: Stretchings, Yoga, Tai Chi, Chi Gon.

Products: Alpienne Arnica, Alpienne Marmot.

Recovery

Chronic pain, sickness and injuries need special attention. These therapeutic treatments encourage our body's natural healing process in a precise and careful way.

Recommended options:

Massages: Gua Sha, Deep Tissue, Hot & Salt Stones, Dorn.

Private Classes: Yoga, Stretchings, Tai Chi.

Products: Alpienne Arnica, Alpienne Propolis.

Diet & Circulation

Diet and circulation work together to help nurture and detoxify our bodies. It is important to take care of our internal systems to optimise the nutrients we extract from the foods we eat. These treatments help stimulate these processes, which are especially important for the immune system and metabolic health.

Recommended options:

Massages: Lymphatic, Stomach, Herbal Stamps, Indian.

Private Classes: Yoga, Meditation.

Products: Alpienne Arnica, Alpienne St John Worth.

Pregnancy

Supporting the development of a new life is an ever-changing and exciting process. After 12 weeks of pregnancy we are happy to pamper a mother-to-be. The oil used in this treatment is organic Jojoba.

Recommended options:

Massages: Pregnancy, Breuss.

Private Classes: Yoga for Pregnancy, Tantsu, Meditations, Energetic Care.

Products: Alpienne Arnica.

Body Packages

Peak Health Retreats

Every summer, Peak Health offers its Signature Retreat, a week-long immersive well-being experience at The Capra that centres on the four key wellness pillars: Nutrition, Fitness, Mental Resilience, and Sleep. During this time, we help guests understand which small changes will make the biggest impact. Education plays an important role in what we do; from workshops and in-depth reports, to take home practices, we strive to help our guests continue to live a life of peak health and wellness once they return home. Peak Health provides the highest-quality offerings including nutritious meals, access to the Peak Health Spa, yoga classes and hikes in the Alps. We pair this environment conducive to physical and mental well-being with nudging strategies to rewire our guest's mindsets and habits around health.

Spa Etiquette

Fitness centre

Indoor training shoes and sensible workout outfits are requested for the gym.

Children

All children under 16 years must be accompanied by an adult when using swimming pools. Spa facilities are only available for children over the age of 16. For Spa treatments, children under 10 can have a 25 min relaxing massage.

Spa reservations

For Spa enquiries or reservations, please dial 109 on your telephone or call the reception. Advance bookings are recommended to secure your preferred treatment time.

Prior to arrival

We recommend that you leave all jewellery and valuables in your room before visiting the Spa. Male guests are advised to shave one day prior to all facial treatments to ensure maximum results. We recommend using the Peak Health Spa facilities prior to any treatment. This will stimulate the blood and lymphatic systems and enhance treatment benefits.

Arrival

Please arrive 15 minutes prior to the treatment in order to complete a health assessment form.

Late arrivals

Out of respect for other guests' reservations, please be aware that we may be unable to extend the treatment time in case of late arrivals.

Cancellations

Any treatment can be changed, postpone or cancelled until 7pm the day before. Late cancellation and failure to keep your appointment will result in a 100 % treatment charge.

In the Spa

In consideration of other guests, smoking and the use of mobile phones are not permitted in the Spa. Peak Health Spa is a sanctuary of peace and harmony, a soft voice encourages a serene atmosphere and a relaxed mind.

After your treatment

We recommend not sunbathe for at least six hours. To extend your Spa experience at home, a variety of products are available at the Spa Gallery. The Spa Team can provide personalised recommendations.

Payment

For hotel guests, all treatments will be charged to the guest room folio and will appear on the account at the time of departure from the hotel. Major credit cards or cash are also accepted at the Spa reception. All treatments include VAT of 7.7 percent.

The Peak Health Spa Facilities

Wellness facilities make the body detoxify and dehydrate. We recommend to drink plenty of water and in case of dizziness to intake something sugary. In any body conditions like pregnancy, cardiovascular needs, sickness or body pain, please refer to your doctor or our Spa team to use the facilities for the best of your health.

Sauna

A heated room that causes an increase in core body temperature to promote sweating.

Benefits: The dry heat improves muscle recovery, blood circulation, sleep quality and mental resilience.

Bucket Shower

A bucket of icy water is hung from the ceiling. By pulling the attached chain, the water is poured suddenly over the body.

Benefits: The icy water promotes blood circulation to internal organs and improves metabolism and mental resilience.

Active Salt Cave – Salt Therapy (Halotherapy)

A room with a controlled air medium that simulates a natural salt cave microclimate.

Benefits: The natural salt cave improves the lungs functions, mental clarity, brain function and dry skin conditions.

Steam Room

A heated room that causes an increase in core body temperature to promote sweating.

Benefits: The wet heat improves muscle recovery, blood circulation, sleep quality and mental resilience.

Hydrotherapy Pools

The indoor pool can be used for exercising and the warm water outdoor pool has water jets and water fountain for relaxing.

Benefits: The aquatic facilities improve overall fitness, muscle recovery, blood circulation and relax the mind.
